**2022**

The Board of Directors of Sociedad Rectora de la Bolsa de Valores de Madrid in its meeting held on June 20<sup>th</sup> 2022, approved the fees applicable starting August 1<sup>st</sup> 2022, which are indicated as follows.

These fees substitute those approved the past November 11<sup>th</sup> 2021, incorporating a change in section 3.

## 1 Transaction fee

### 1.1 Securities belonging to the IBEX35® with a free float market cap is over 8.000 million euros:

Securities belonging to the IBEX35® index with a free float market cap is over 8.000 million euros are included in this fee:

---

Fee applied to the entire turnover *0.30 basis points (from now on pb)*

---

This fee will be applied to the turnover from the daily trades resulting from buys and sells executed in the order book with a minimum of 1 euro, by **the same final client, security, type of transaction and direction (buy or sell)**.

### 1.2 Other securities and type of transactions:

The following scale shall be applied to the cash value of the securities traded on the same day for the same **final client, security, price, type of transaction and direction (buy or sell)** to determine the applicable fee:

TRADING	
Range in euros	Applicable fee
To 300	1.10
From 300.01 a 3,000	2.45 euros + 2,40 pb
From 3,000.01 a 35,000	4.65 euros + 1.20 pb
From 35,000.01 a 70,000	6.40 euros + 0.70 pb
From 70,000.01 a 140,000	9.20 euros + 0.30 pb
From 140,000.01	13.40 euros

**1.2.1 If the total of this fee for the same final client, security, type of transaction and direction (buy or sell) exceeds 110 euros, the lower of the following amounts shall be charged:**

- 0.33 pb (0.33/10,000) on the cash traded, with a minimum of 110 euros.
- The fee already calculated.

**1.3 If the final client has not been disclosed, the transaction fee shall be applied to each execution individually.**

**1.4 In the event of the use of the optional procedure of order settlement through a financial intermediary account, point 1.2.1 shall not apply if the underlying executions are not linked to the final client by the transfer from the special financial intermediary account to the final investor's account.**

**Special rules**

- a) In the Equity segment, the market maker who holds such condition for the purposes of the regulations, will be subject to a discount of 5 percent on the applicable fee in that operation they have performed as market maker in situations of market tension and provided that the presence parameters established for such situations have been met.
- b) Securities specialists shall receive a 50 percent discount on the fee for trades they make on the securities in the fixed-income segment trading platform during each session in their capacity as specialists and covering securities of this nature. Said discounts shall not apply to third-market trading, price agreements and registration operations conducted outside normal trading hours.
- c) In the exchange-traded funds (ETFs) segment, specialists may opt for a transaction fee of 0.50bp (0.50/10,000) of the cash amount traded in securities by specialists in their capacity as such, provided that the attendance parameters laid down in the Operating Instructions are met.
- d) A special fee equivalent to 0.50 bp (0.5/10,000) shall apply for trades performed on the open market involving share baskets that track the IBEX35® index.

## 2 Fees regarding characteristics of the orders

The Fee regarding the characteristics of the orders will be applied to all securities, in addition to the fee described in section 1 and section 3.

### 2.1 Orders executed from auction periods:

Orders executed from auction periods will have a fee of 1 euro. The fee will be applied to the order according to the type of auction by the same final client and session without taking into account the number of executions within the order.

### 2.2 Orders with execution conditions and Iceberg orders:

The execution conditions (minimum volume, immediate or cancel and fill or kill) will have associated a fee of 2 bp of the daily turnover for that executed order under the same final client, with a minimum of 0.50 euros and a maximum of 1 euro per order.

Iceberg orders will have a fee of 1 basis point of the daily turnover by the same final client, with a maximum of 13.40 euros per order.

## 4 Listing fee

This fee, for which the governing body could request a provision of funds prior to the admission to trading, includes the following rights:

### 4.1 A flat fee of 1,500 euros for reviewing, checking and processing the listing application.

### 4.2 As a listing charge:

- a) For domestic shares, a 0.11 per mille fee shall be charged on the capitalisation of the securities admitted to trading resulting from their first market price, with a minimum of 6,000 euros and a maximum of 500,000 euros. This rate will have a minimum of 6,000 euros or 0.5% of the new listed capitalization, the smallest being applicable, and a maximum of 500,000 euros.
- b) For domestic fixed-income securities, 0.025 per mille of face value, up to a ceiling of 1,750 euros and a minimum of 50 euros.
- c) For each listed investment fund a flat fee of 10,000 euros shall be applied, excluding that set out in section 4.1. This fee shall be capped at 50,000 euros for those funds of the same issuer whose listing is requested simultaneously. In case of compartment funds, the fee shall be charged for each compartment. Listed investment funds previously admitted to SIX Exchange will be exempt from this fee.
- d) For certificates or warrants, the charge is 0.05 per mille of the amount which results from multiplying the issue price by the total number of securities to be listed. For those issuers who have already issued products on the SIX Exchange will be applied a maximum quarterly of 15,000 euros.

### 4.3 Complementary rules on charging of listing fees:

- a) The maximum fee for the listing of fixed-income securities after the relevant rules are applied shall be 2,910 euros.
- b) In the case of issues taking place as a result of mergers or take-overs between companies with all their share capital listed on this Stock Exchange, only 50% of the listing fees established in section 4.2 shall be charged.

- c) If the application for a listing and the necessary documents for processing the application at the Stock Exchange have not been filed within a term of less than four months following the deadline for underwriting the initial public offering or public offer for subscription or the statutory deadline for creation of the new securities, applicable fees according to section 4.2 shall be increased by 50%.

In the case of submitting an application for the admission of the securities in more than one Spanish Stock Exchange the applicable fees will be paid only to one of them, without prejudice to the proceeds then being distributed internally among the different Spanish Stock Exchanges.

## 5 Securities maintenance fees

The annual fee shall be calculated using the following percentages:

- a) In the case of equities, 0.05 per mille of their market capitalisation at the close of the last trading session in the prior year.
- b) In the case of fixed-income securities, 0.015 per mille of the face value of the listed securities at the close of the last trading session in the prior year.  
This fee shall not be charged if the amount paid for listing and maintenance fees throughout the life of the issue equals 0.05 per mille of the face value of the listed securities, up to a maximum of 55,000 euros.
- c) The maintenance fee for ETFs shall amount to 0.025 per mille of the asset value registered at Iberclear at the close of the last trading session in the prior year. The minimum maintenance fee applicable per ETF shall be 1,000 euros, while the maximum fee per ETF shall be capped at 20,000 euros.  
Listed investment funds previously admitted on the SIX Exchange will have this fee waived during the first 4 years from their admission.
- d) This fee shall be capped at 325,000 euros and the minimum fee shall be 100 euros.
- e) In the event that a listed security does not have at least one published financial research, the steps will be taken to provide this service. In these cases, upon delivery of the corresponding report, an annual fee of 8,000 euros will be applied.

This fee is payable to one Stock Exchange only, without prejudice to subsequent distribution among the different Stock Exchanges.

## 6 Stock Exchange membership dues

Every member of the Madrid Stock Exchange shall pay a fixed fee of 2,900 euros per annum, plus 0.001 per mille of the total cash value traded (taken as the sum of sales and purchases) completed during the year. These dues shall be billed quarterly.

## 7 Processing fee for the partial redemption of securities and delistings

A 3.5 per mille fee shall be charged on the capitalisation of the securities to be partially redeemed, based on their last market price, with a minimum of 100 euros and a maximum of 30,000 euros.

A fee shall be charged of 3.5 per mille of the face value of the securities to be delisted resulting from their last market price, with a minimum of 100 euros and a maximum of 30,000 euros, except in the case of ex officio delisting ordered by the National Securities Market Commission (CNMV).

The fee shall be 50 euros per file shall be charged as from the third file requested on a given day by each market member.

### 8.3.5 Penalties for incidents in the fulfillment of information obligations to the Information System.

8.3.5.1 The market member who fails to comply with their obligations to provide data to the Information System, will be subject to a penalty that will be determined by the default ratio represented by the incidents for each type and the intended settlement date (hereinafter, ISD), in accordance with the provisions of the following table:

NON-COMPLIANCE RATIO				
Incident type	5.00%-10.00%	10.01%-20.00%	20.01%-50.00%	+50.01%
Trade ownership incidents	100 euros per ISD	200 euros per ISD	500 euros per ISD	1.000 euros per ISD
Corporate Action ownership incidents	100 euros per ISD	200 euros per ISD	500 euros per ISD	1.000 euros per ISD

**8.3.5.2 For the purposes of calculating the penalty provided in the previous section, the following criteria shall be taken into account:**

- Incidence will be understood as the lack of communication in time and form of the following information that market members have an obligation to supply to the Information System:
  - Ownership of transactions not belonging to corporate actions.
  - Ownership of operations that belong to corporate actions.
- A default ratio will be calculated for each theoretical settlement date that will represent the incidents expressed in the number of transactions. This calculation shall be performed for each type of incident detected.
- The incidents identified in the System on the last business day of the notification period established by the Information System (i.e. ISD+6) will be used as the benchmark.
- Each type of incident shall be treated separately: costs for two or more concepts may apply for a single intended settlement date.

**8.3.5.3 The market member who has recurrently generated incidents registered in the System, in accordance with the provisions of the preceding paragraphs and regardless of the default ratio, will be subject to a penalty that will be determined by the number of business days of the month in progress, in which there have been incidents according to the foreseen in the following chart:**

INCIDENT TYPE	BETWEEN 5 AND 10 SESSIONS	BETWEEN 11 AND 15 SESSIONS	MORE THAN 15 SESSIONS
Trade ownership incidents	20 euros per session	30 euros per session	40 euros per session
Corporate Action ownership incidents	20 euros per session	30 euros per session	40 euros per session

**8.3.5.4 For the purpose of calculating the penalty provided in the previous section, the following criteria shall be taken into account:**

- The types of incidents shall be as set out in section 8.3.5.2 above, and shall be dealt with on the last business day of the notification period established by the Information System, i.e. ISD+6.
- To this end, the benchmark for the calculation shall be a calendar month, considering that the first and last business days of the month shall correspond to an ISD+6.
- The number of business days on which incidents are registered in the System shall be determined for each month, and the penalty shall be calculated based on these.

- Each type of incident mentioned will be independent of the others, being able to apply the corresponding penalty to several concepts for the same theoretical liquidation date.

### **8.3.6 Other Services not specified:**

Other services provided that are not expressly indicated in this fee list will be billed based on the task and the costs incurred.

The fees set out herein do not include value added tax.
